

A B GEMS

MUMBAI

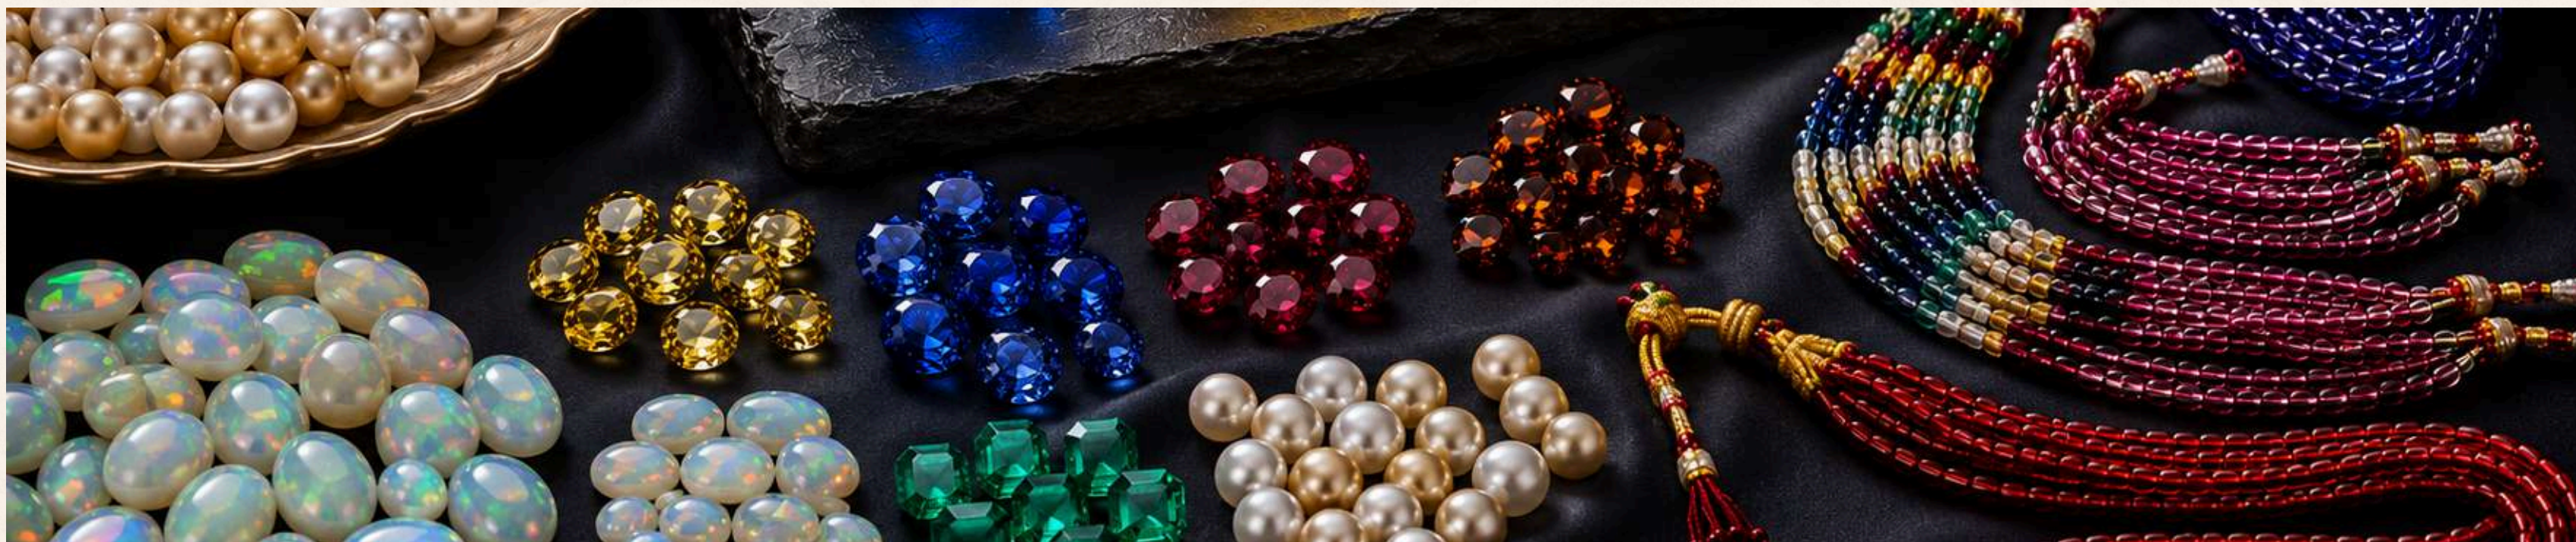

ABOUT US

Established in 2000, A B Gems is a trusted wholesale supplier of certified precious and semi-precious gemstones, pearls, and maalas, serving jewellers, manufacturers, retailers, and gemstone traders across India. With over two decades of experience and two generations in the gemstone industry, we are known for ethical sourcing, authenticity, and transparent business practices. We directly import premium gemstones from renowned sources such as Sri Lanka and Bangkok, ensuring consistent quality and availability.

We specialise in natural sapphires, offering both calibrated gemstones for jewellery manufacturing and individual gemstones from 2 carats onwards. Every gemstone is carefully selected to meet high standards of quality and authenticity.

Located at Dhanji Street, Zaveri Bazaar, Mumbai, we actively participate in IIJS and other leading jewellery exhibitions across India. Our commitment to genuine gemstones, reliable service, and long-term relationships has made A B Gems a preferred wholesale gemstone partner since 2000.

Vision

To be India's most trusted wholesale gemstone partner — known not just for the quality of our stones, but for the integrity of our trade. We're building a legacy where every jeweller, every astrologer, and every buyer who works with AB Gems walks away with complete confidence in what they hold in their hands.

Mission

To supply genuine, ethically sourced precious and semi-precious gemstones that jewellers, traders, and astrological practitioners can trust — every single time. We believe the gemstone trade deserves suppliers who are honest about origins, precise about quality, and consistent in their commitment to the people they serve.

Meet Shubham Rathod

CARRYING THE LEGACY FORWARD

Some people enter the family business because it's expected. Shubham entered it because he genuinely wanted to. At 19, he stepped into the world of gemstones willing to start from the ground up — learning the trade the right way, by handling stones, understanding quality, and earning client trust one transaction at a time.

Six years later, at 25, he's the second generation driving AB Gems forward. He digitised operations, streamlined inventory, and introduced a barcoded packaging system that brought uniform, transparent pricing across the entire catalogue — something the gemstone trade rarely sees. Every stone, clearly labelled. Every client, treated equally.

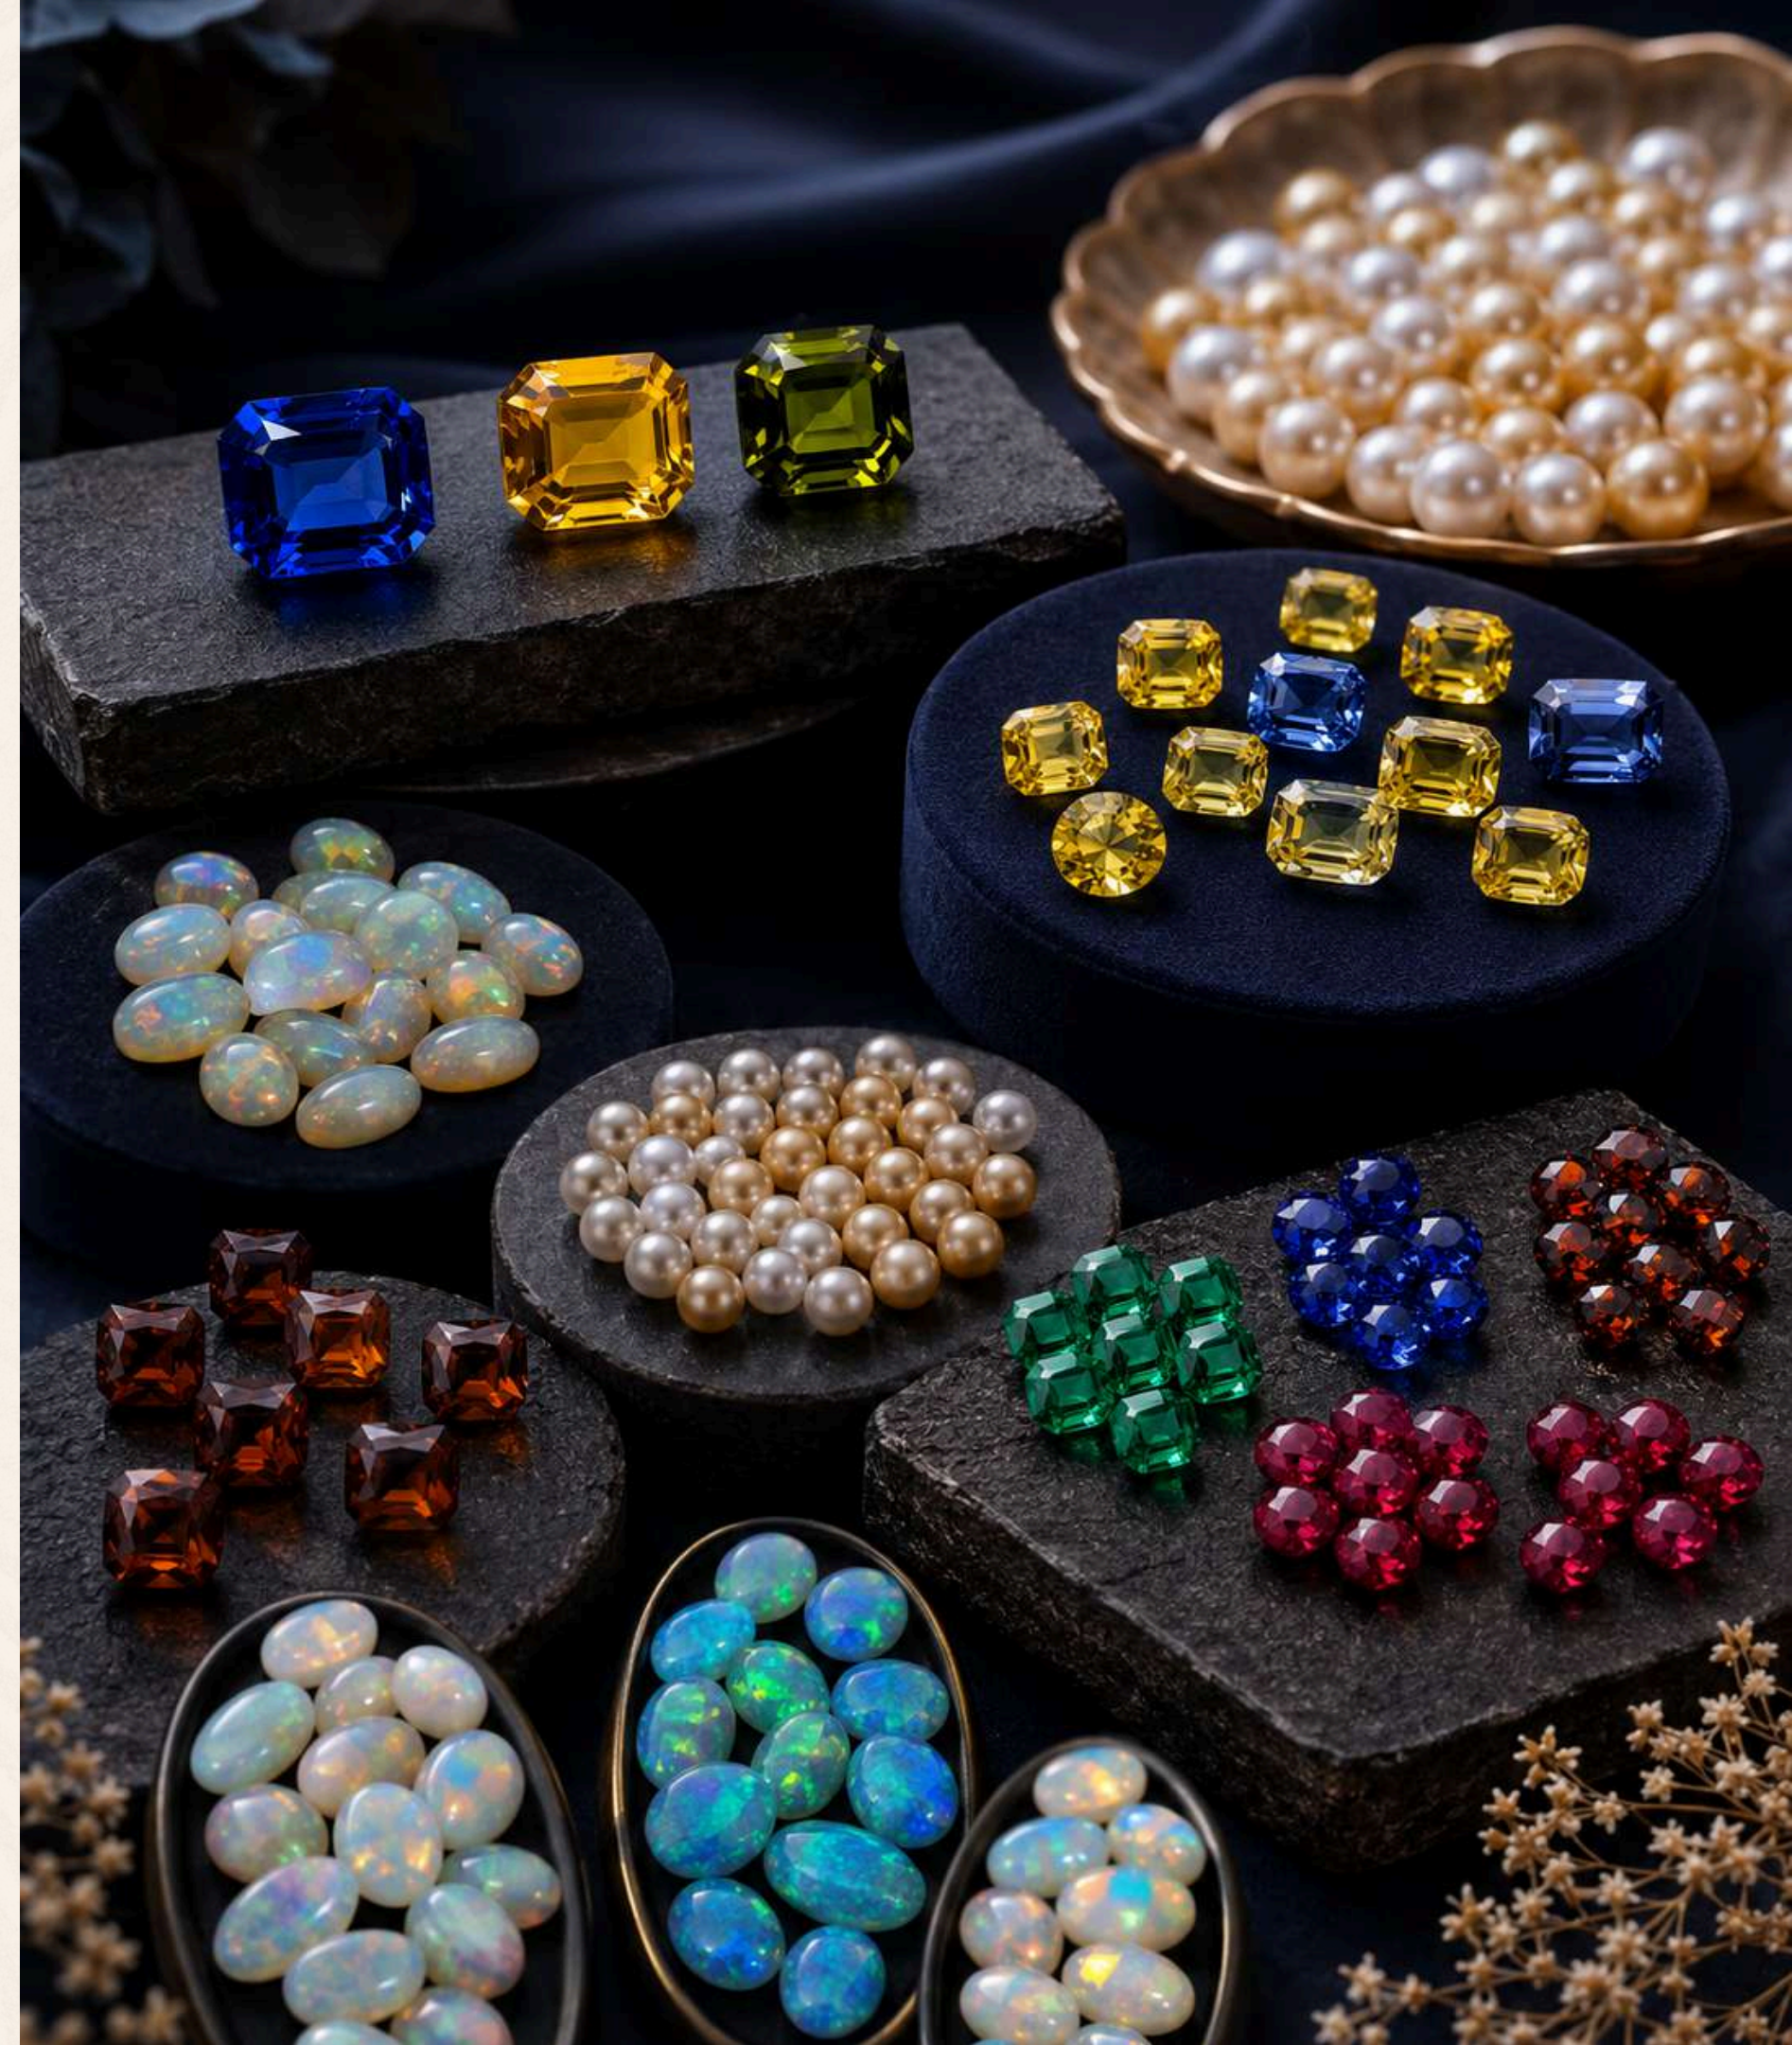

What Shubham has built isn't just a more efficient business. It's a more honest one. And he's just getting started.

Mumbai's Trusted Wholesale Gemstone Supplier — Since Two Generations

At A B Gems, we've kept things simple for over 20 years — source genuine stones, stock them well, and price them fairly. No inflated margins, no waiting on indent orders, no compromises on quality. What we have is always ready to ship.

We supply loose precious and semi-precious gemstones at wholesale rates to jewellery showrooms, manufacturers, and astrological practitioners across India including Nashik, Pune, Ahmedabad, Vadodara, Kolkata, Bengaluru, Delhi, Chennai, Mysore, Hyderabad, Raipur, Durg, and Kerala. And we're not stopping at India — with active exports to Dubai and Oman, and new markets opening steadily, AB Gems is a name the global gemstone trade is getting familiar with.

Our warehouse carries one of the widest selections of loose gemstones from a single wholesale source in Mumbai — precious stones, semi-precious stones, pearls, maalas, and the full range of astrological gemstones — all in stock, all ready when you are.

Our Gemstone Collection

Every gemstone we carry has a story — and it starts with where it comes from. At A B Gems, we don't just stock stones. We source them deliberately, from origins that matter, so you always know exactly what you're getting.
